Sonia C., Illinois Customer

The great thing about this company is that it provides solar farms in Illinois and I save money while trying to be green. Well organized with staff ready and willing to make this a smooth and easy process.

Individual results may vary.

Your Path to Saving with Renewable Power

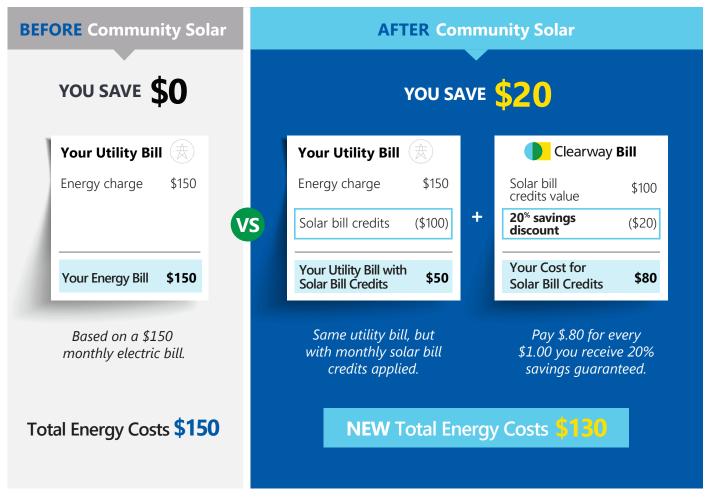

Savings Guaranteed

Clearway Community Solar guarantees you will **save 20%** on the monthly cost of the solar energy generated by your subscription.

In return for your subscription, you receive solar bill credits automatically applied to your utility bill, reducing your costs.

Clearway will invoice you separately for the solar bill credits - at a guaranteed 20%¹ discount every month. That means for every \$1 received in solar bill credits, you are only charged \$.80.

Example for illustrative purposes only. Actual savings will vary.

¹ Savings based on a guaranteed 20% discount on the value of the net metering credits generated by your allocation from the Community Solar system on the default supply service rate with the utility (ComEd or Ameren). The impact of the solar bill credits on the utility charges can vary month to month due to seasonal variances affecting solar energy production. Actual savings may vary in the event the customer (i) cancels early, (ii) does not receive credits, or (iii) receives a reduced credit amount due to utility errors or delays. Clearway is not responsible for utility delays in applying solar bill credits. Refer to the community solar contract for agreement terms.

Transparent, Convenient Program Terms

Clearway's Customer Agreement is transparent and simple, and includes a number of customer conveniences. A Clearway Community Solar Customer Agreement may be cancelled any time, for any reason.

And, moving with Community Solar is easy, too!

Moving & Cancellation Terms

| MOVING AND CANCELLATION TERMS | TIME TO PROCESS REQUEST | FEE |
|---|-------------------------|-----|
| Moving Inside Clearway Service Territory | 90 days | \$0 |
| Moving Outside Clearway Service Territory ¹ | 90 days | \$0 |
| Cancellation within three days of signing contract | 0 days | \$0 |
| Cancellation during early termination period ² | 90 days | \$0 |
| Cancellation with a replacement customer ³ | 90 days | \$0 |
| Cancellation at any time, for any reason ³ | 90 days | \$0 |

¹ Customer must provide proof of move outside Clearway service territory via a final utility bill and new utility bill.

² Eligible until the earlier of (1) 30 days before energization or (2) ninety (90) calendar days after contract execution.

³ Clearway customers who cancel after the early termination period of after a solar farm is energized must provide 90-days' written notice of cancellation. Customers will continue to receive the solar bill credits that reduce their utility bill and are responsible for payment on all production periods dated through the final termination date.

Clearway projects are in development and activation dates may vary by farm assignment. Solar bill credits will not be applied to a customer's utility account until the assigned solar farm is activated.

Clearway Community Solar Billing: FAQs

Q. Why do I receive a separate bill from Clearway?

A. Clearway's program is separate from your utility, and your energy supply is still through your local utility. Therefore, you will continue to receive your utility bill as usual, but now, your utility bill will show the solar bill credits resulting from your Clearway subscription, which reduce your utility supply charges. Clearway will send a separate bill to you for the solar bill credits with the guaranteed 20% discount.

Q. Do I still need to pay my utility bill?

A. Yes, you are still responsible for paying your monthly utility bill. Your utility supply charges will be lowered by the solar bill credits applied to your bill.

Q. How is my Clearway bill calculated?

A. Every month, you will receive solar bill credits on your utility bill, valued at your utility's monthly rate. Clearway will charge you the same rate for the cost of the solar bill credits, at a guaranteed 20% discount. What this means is that for every \$1.00 you receive in solar bill credits that reduce your energy bill, you will only pay Clearway \$.80 for those solar bill credits.

Q. What Are Solar Bill Credits?

A. Every month, the solar energy generated by the solar farm is sent directly to the local power grid, and Clearway customers receive solar bill credits for the solar energy produced. The solar bill credits are applied directly to your utility bill, reducing the cost of electricity supply.

Q. What if I Receive Energy Through a Local Retail Electric Provider?

A. Even if you receive your energy from a Retail Electric Provider other than ComEd or Ameren, you will still be able to receive yout 20% discount provided by your Clearway subscription.
