"I am very happy with Clearway. It has been 2 years since I went with Clearway and since then all my monthly electric bills have been zero. Clearway has increased their monthly bill by a few dollars. Still nothing to complain about. Thank you."

Savings Guaranteed

In return for your subscription, you receive solar bill credits automatically applied to your utility bill, reducing your costs.

Clearway will invoice you separately for the solar bill credits - at a guaranteed 7%¹ discount every month. That means for every \$1 received in solar bill credits, you are only charged \$.93.

Clearway Community Solar Billing: FAQs

Q. Why do I receive a separate bill from Clearway?

A. Clearway's program is separate from your utility, and your energy supply is still through your local utility. Therefore, you will continue to receive your utility bill as usual, but now, your utility bill will show the solar bill credits resulting from your Clearway subscription, which reduces your utility charges. Clearway will send a separate bill to you for the solar bill credits at your contracted rate.

Q. Do I still need to pay my utility bill?

A. Yes, you are still responsible for paying your monthly utility bill. Your charges will be lowered by the solar bill credits applied to your bill.

Q. What Are Solar Bill Credits?

A. Every month, the solar energy generated by the solar farm is sent directly to the local power grid, and Clearway customers receive solar bill credits for the solar energy produced. The solar bill credits are applied directly to utility bills, reducing the utility charges.
